## Wellness atmosphere at home!

The decorative humidifier and diffuser from BE COOL combines three functions in one device.

- humidification cold air + air cleaning + aroma diffuser

## Air Humidification

Through its micro-fine spray mist it humidifies the room air and thus ensures a fresh indoor climate.

## Air cleaning

The integrated filters (limescale filter, UV filter, ION filter and HEPA filter) make the BE COOL humidifier particularly allergy friendly. It cleans the room air and water and frees it from bacteria, germs, microorganisms and viruses.

## Aroma Diffuser

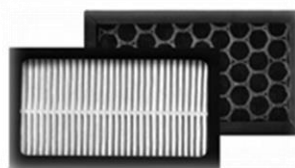

The aroma function is easy to activate. Add a few drops of your favorite oil into the aroma compartment and activate the humidifier.

A room scent has an enormous influence on body and mind. It can revitalize the organism, awaken pleasant memories or stimulate creative thinking. In addition, it creates a comfortable living climate in the bathroom, bedroom or living room and invites you to relax.

The compact Be Cool humidifier and diffuser can be used with or without aromatic oil.

The combination of HEPA filter, activated carbon filter and ionizer ensures the best possible air quality in your rooms. The air purifier removes dust, allergens, germs and odours - and thus improves your well-being!

Thanks to its particularly high fogging intensity, your ultrasonic humidifier produces pleasant air even in large rooms. The two nozzles rotate independently of each other through 360° - so the fine mist humidifies every corner!
