Be Cool eSC-Va1 - The nippy beginner

The combination of performance, driving fun and trendy locomotion distinguishes this model in the entry-level e-scooter class.

The robust and at the same time light chassis convinces with its high strength and is designed for a load of up to 120 kg. The Be Cool eSC-Va1 can be folded and stowed away in a few seconds. The handlebar is height-adjustable.

Safety is the top priority for BE COOL. This is ensured by the electronic motor brake and a mechanical rear brake as well as front and rear lights. The digital display allows you to keep an eye on the speed and battery level.

The powerful 350 watt hub motor accelerates you to the maximum permissible speed of 25 km/h within a very short time. The 6 Ah/36 volt battery allows a range of up to 20 km.

The special Honeycomb tyre is maintenance-free. Nails and shards cannot harm the tyre.

Experience the new dimension of locomotion and enjoy every ride with the BE COOL eSC-Va1.

Honeycomb tyres

The special Honeycomb tyre is maintenance-free.

Nails and shards cannot harm the tyre.
