

MOBILE AIR CONDITIONER

SHE18KL2001F

Equipment Highlights

Air Purifier

The aspirated air is cleaned by the filter.

3 Speed Levels

low, medium and high

Air Dehumidification

The air conditioner dehumidifies the room air.

Pivot Function

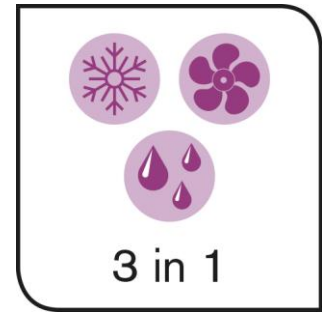

The pivoting function distributes the cooled air optimally into all areas of the room.

Automatic Evaporation System

Better efficiency.
100% evaporation when below 90% humidity.

Timer

24 hours programmable.

Umweltfreundliches und Ozonschicht schonendes Kältemittel R290.

Our SHE monoblock air conditioner with 18.000 BTU

The compact design in combination with 18,000 BTU is one of the few on the European market that offers all the advantages of a powerful air conditioning system in one unit. With a cooling capacity of 18,000 BTU, small offices or larger rooms with up to max.160m³ / max. 64m² can be air-conditioned.

In recent years, mobile air conditioners have become more and more popular as they are easy to install after purchase. Therefore you do not need an expensive air conditioning technician.

The slim design including the wheels installed on the bottom of the unit guarantee unlimited comfort and make this air conditioner an all-rounder for any location.

The air conditioner is not only suitable for lowering the temperature, but also for ventilating and dehumidifying. This guarantees a perfect indoor climate even in the transition months.

Our recommendation: a suitable HOT AIR STOP from SHE for optimal sealing of your windows or doors.

Österreichische Marke

Filter

This air conditioner directs the ambient air through a washable filter. After cleaning, the clean cooled air is released back into the room.

Dehumidification

In addition to cooling the air, the air conditioning unit differs from conventional fans in that the cooled air is also dehumidified and cleaned. This improves the indoor climate by two further parameters that are relevant for the well-being.

Scope of delivery

- 1x remote control
Incl. battery (AAA)
- 1x exhaust hose
- 1x window bar
- 1x tapering adapter
- 1x instruction manual

Warranty period

2 years

removable filter

Exhaust air hose connection
150 mm hose diameter

Technical data

- 3in1: cooling, dehumidification, ventilation
 - BTU cooling: 18,000 BTU/h
 - cooling capacity: 5.000 W
 - Range of application (non-binding): for rooms up to max.160m³ - max64m² (at 2.5 meter room height)
 - EER: 2.6 W/W
 - EU energy efficiency class: A
 - air circulation: 450 m³/h
 - Noise level (sound pressure): 53dB(A)
 - Noise level (sound power): max.65 dB
 - max. power consumption (cooling/standby): 2.000 Watt / < 1 Watt
 - Power supply: 220-240 V/50 Hz
 - 24 hour timer, remote control
 - energy-saving auto mode
 - 3 speed levels
 - Auto-Swing function
 - Automatic evaporation system (better efficiency and 100% evaporation at below 90% humidity)
 - Dimensions W/H/D: 470x764x370 mm
 - Weight: 28 kg
- EAN: 9005665024164
