Highlights

- **Ideal for the desk**
the linear air flow avoids drifts
- 3 speed levels
- Swivel function
- One rotary control for all functions

Scope of delivery

- Mini tower fan
- Operating instructions

Warranty period

- 2 years

Mini tower fan 30cm - small, quiet, practical!

THE fan for the desk - whether at home or in the office!

Three speed levels can be selected with the single rotary control, which also makes operation very easy. The swivel function distributes the air evenly in the surroundings if desired.

The air outlet height is selected in such a way that documents are not blown away. The quiet operation also ensures little disturbance at work. As already mentioned: THE fan for a cool breeze at the desk.
