

Equipments Highlights

350 Watt motor power

Up to 55 km\* range

3 speed levels

8.5" Honeycomb wheels

Electronic engine brake & Drumbrake rear

Loadable up to 120 kg

LCD Display

Up to 25 km/h

**BE COOL Buzzard - Comfortable on long distances**

The combination of comfort, performance and convenience sets new standards in the segment of the high-performance e-scooter middle class.

The selection of high-quality components makes the BUZZARD a long-distance runner. Its powerful and maintenance-free 350 watt hub motor impresses with its solid start and it quickly brings you to the maximum permissible speed of 25 km/h. Whether you are only on the road for a few minutes or want to take advantage of the full range, the new battery management System convinces with great values. The 15 Ah/36 volt battery takes you up to 55 km.

**Sleek and sporty design**

The wide and deep running board offers a stable stand on every journey. The scooter has a particularly wide and height-adjustable handlebar. This means that long distances can be mastered very comfortably. This handlebar, like the scooter, can be folded up in seconds - without additional tools.

**Safety is a top priority for BE COOL**

The frame of the BUZZARD is made of high-quality aluminum. It is particularly robust and durable. The honeycomb strips are maintenance-free, and, thanks to the honeycomb structure, they absorb shocks and vibrations without any problems. Damage from broken glass or nails is almost impossible. LED lights front and rear as well as a brake light, reflectors and a bell provide you with safety in everyday use.

Experience the new dimension of movement and enjoy every journey with the BE COOL BUZZARD.

Honeycomb Tires

Honeycomb tires are maintenance-free. Thanks to its honeycomb structure, the special solid rubber tire absorbs vibrations and vibrations. Nails and shards can do nothing to the tire.

Dual brake system

The BUZZARD has a drum brake and an electronic engine brake on the rear wheel.

This braking system will make you when things get tight.

Always safe and convenient

Especially for longer journeys, the wide handlebar is very pleasant and beneficial. It offers safety and yet underlines the sporty design of the BE COOL BUZZARD.

The dual brake system with an electronic engine brake and additionally a drum brake on the rear wheel ensures even more safety.

Well stowed and always at hand

A few handles and the BUZZARD is well stowed away. The handlebars can be pushed in thanks to its height adjustment and the handles are also easily folded in.

Without any tools or other help, it can be made small or immediately ready for operation in just a few simple steps.

**Technical data**

- Engine power 350 watts
- Maximal range: 55 km \*
- Battery type: 15.0 Ah, 36 V lithium-ion
- Watt hours: 540 Wh
- Electronic rear motor brake and rear drum brake
- 3 speed levels
- Max. speed: 25 km/h
- 8.5 inch honeycomb tires
- LED front light + LED rear light + brake light
- LCD Display with 1-button operation
- Bell
- Max. load capacity: 120 kg
- Charging time: 6 hours
- Gross dimensions - (H x W x D): 980-1.135 x 480 x 1.150 mm
- Gross weight: 16.5 kg
- Colour: yellow
- Internal article no: BC85ES525013BZ
- EAN: 9005151000160

\* Test variables for the range: person: 70 Kg, weather: dry, 25 C° and windstill, continuous speed of 15 km/h, track condition: flat, smooth asphalt

The actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.

**Content**

- E-scooter
- Manual
- Charger

**Guarantee**

- 2 years, excluding wearing parts
- Battery: 6 months
