

## Highlights:

- ❖ Suitable for rooms up to 25 m<sup>2</sup>
- ❖ max. power consumption 2.000 watts
- ❖ 1 performance level
- ❖ 4 in 1 function:
  - Heating
  - Moisturize
  - Air purifying
  - Fire effect
- ❖ Water tank: 2.3 liters
- ❖ 3D fire effect blue, red, yellow
- ❖ Ceramic heating element
- ❖ UV filter
- ❖ Timer: 8 hours
- ❖ Remote control

## 4 in 1 PTC heater fan

Heating, humidifying, air purification and fire effect

The durable PTC ceramic of the SHX heating fan offers you numerous advantages compared to the heating wire technology

### The main advantages of the SHX ceramic heating fan at a glance

- ❖ Higher Stability
- ❖ Low noise
- ❖ Geringe wind generation, as no strong supply of cooling air is required
- ❖ Long lasting than other versions
- ❖ Heating wires are insensitive to impacts
- ❖ Low odor, as ceramics cannot burn dust or hair
- ❖ **Significantly lower infestation with spores, germs, bacteria and viruses**

As an addition, our SHX 4 in1 heating fan offers a noble 3D fire effect humidification function, which they can Either put into operation together with the heating function or alone.

The built-in UV filter, which fights against viruses, bacteria, mould and germs through UV sterilization, ensures clean and pure air.

## UV filter

Germes such as viruses, bacteria, microorganisms, dust mites, mould spores and pollen are mostly killed by the UV lamp/filter

## Why Moisturize?

A humidifier has the task of increasing the humidity in a room. This is especially necessary during the heating period. Because here the heat of the heating can lead to dry air, irritated airways and red eyes

## Security

Overheat protection, high-quality workmanship and a massive, tilt-proof stand ensure safety during operation.

## Delivery

- ❖ Manual
- ❖ Remote control
- ❖ Battery

## Guarantee

- ❖ 2 years

The ceramic heaters of the SHX-Series combine allergy-friendly PTC heating technology and appealing design.

## Technical data

- ❖ Suitable for rooms up to 25 m<sup>2</sup>
- ❖ Mains voltage: 220-240 volts
- ❖ Max. Power Consumption: 2.000 watts
- ❖ Water tank: 2.3 liters
- ❖ 3D fire effect blue, red, yellow
- ❖ Power level: 2.000 watts
- ❖ Ceramic heating element
- ❖ Digital LED display
- ❖ Stand unit
- ❖ Safety thermostat
- ❖ Dust filter
- ❖ UV filter
- ❖ Remote control
- ❖ Timer function: 1-8 hours
- ❖ Overheat protection
- ❖ Colour: black
- ❖ Volume dB(A): 56dB
- ❖ Product dimensions (WxHxD): 330x495x190 mm
- ❖ Packaging dimensions (WxHxD): 380x550x257 mm
- ❖ Weight Net / Gross: 5.05Kg / 5.65kg
- ❖ EAN: 9 005 665 025 611
