

## Highlights:

- ❖ Suitable for rooms up to 25m<sup>2</sup>
- ❖ Power consumption max. 2.000 watts
- ❖ 3 Performance levels  
Fan function  
1.000 watts  
2.000 watts
- ❖ Ceramic heating element
- ❖ With thermostat from 10 °C – 35 °C
- ❖ LED-Display
- ❖ Timer function  
1 to 8 hours
- ❖ Oscillating
- ❖ Anti-Tipper

## Safety

Overheating protection, high-quality workmanship and a solid, non-tilting stand ensure safety during operation.

## SHX ceramic fan heater with display

Our SHX ceramic fan heater in compact design is ideal for generating additional heat on colder days. The desired temperature can be adjusted by the thermostat of the heater and can be read on the display. With the timer function you can set the SHX fan heater individually between 1 and 8 hours. Thanks to the practical oscillation function, the ceramic fan heater distributes the heat evenly in a few minutes in rooms up to max. 25m<sup>2</sup>.

## The most important advantages of the SHX ceramic fan heater at a glance

- ❖ Higher stability
- ❖ Low noise operation
- ❖ Low wind generation, as no strong supply of cooling air is required
- ❖ More durable than other designs
- ❖ Heating wires are insensitive to shocks
- ❖ Less odour, since neither dust nor hair can burn on ceramic
- ❖ **Significantly lower infestation with spores, germs, bacteria and viruses**

## Keyword allergy!

Due to the nature of the heating register, the large surface of the ceramic heating element generates a temperature that does not cause any dust combustion. Consequently, less fine dust is produced, which again means that ceramic fan heaters are a good solution for quick heating, especially for allergy sufferers.

## Ceramic Fan Heater

offer the following advantages over other fan heaters: higher stability. low-noise operation. low wind generation, as no strong supply of cooling air is required.

## Advantages of Ceramic Fan Heaters

Since the heating elements of a ceramic fan heater are made of ceramic, it is significantly heavier than standard fan heaters. The higher dead weight of the device offers the advantage of a particularly high stability.

## Operating time

Ceramic fan heaters are designed to generate additional heat at short notice when needed.

## Delivery

- ❖ Instruction manual
- ❖ Remote control
- ❖ Batteries

## Warranty

- ❖ 2 years

The LED display with large display and control buttons allows easy operation for both automatic and manual control.

The integrated air filter cleans the air and reduces fine dust. It can be easily cleaned under running water.

The SHX series ceramic fan heaters combine allergy-friendly PTC heating technology and attractive design.

## Technical Data

- ❖ Suitable for rooms up to 25m<sup>2</sup>
- ❖ Mains voltage: 220-240 Volt
- ❖ Max. power consumption: 2,000 watts
- ❖ 3 performance levels: ventilation function / 1,000 watts / 2,000 watts
- ❖ Electric thermostat
- ❖ Temperature range adjustable from 10 °C - 35 °C
- ❖ LED display with digital temperature control shows actual and target temperature
- ❖ Air filter removable and washable
- ❖ Durable PTC ceramic heating element with high heating efficiency
- ❖ Very quiet operation (47.5 dB)
- ❖ Protection class IP20
- ❖ Remote control incl. battery (CR 2025)
- ❖ Pivot function 35 degrees
- ❖ Timer function: 1-8 hours
- ❖ Overheating protection
- ❖ Anti-Tipper
- ❖ 30 seconds cooling function
- ❖ Auto power off function when temperature is reached
- ❖ Product dimensions (WxHxD): 170x409x126 mm
- ❖ Packaging dimensions (WxHxD): 205x445x162 mm
- ❖ Weight net / gross: 2,2kg / 2,5kg
- ❖ EAN: 9 005 151 000 207
