Wellness atmosphere at home!

The decorative humidifier and diffuser from BE COOL combines three functions in one device.

- humidification cold air & warm air + air cleaning + aroma diffuser

Air Humidification

Through its micro-fine spray mist it humidifies the room air and thus ensures a fresh indoor climate.

Air cleaning

The integrated filters (limescale filter, UV filter, ION filter and HEPA filter) make the BE COOL humidifier particularly allergy friendly. It cleans the room air and water and frees it from bacteria, germs, microorganisms and viruses.

Aroma Diffuser

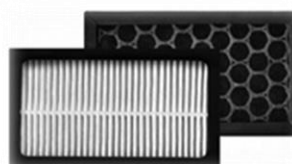

The aroma function is easy to activate. Add a few drops of your favorite oil into the aroma compartment and activate the humidifier.

A room scent has an enormous influence on body and mind. It can revitalize the organism, awaken pleasant memories or stimulate creative thinking. In addition, it creates a comfortable living climate in the bathroom, bedroom or living room and invites you to relax.

The compact Be Cool humidifier and diffuser can be used with or without aromatic oil.

**The purer the aromatic oil,
the more effective**

Essential oils are particularly effective and productive. Provided the quality is right. Therefore, the bottle should bear the designation "One hundred percent essential oil".

AROMAÖLE
ESSENTIAL OILS

**Volume**

The modern ultrasonic fogging technology for air humidification is almost noiseless and thus perfectly suited for your bedroom.

Nebulizer Technology:

Thanks to effective high-frequency technology, the water is converted into a micro-fine mist and blown into the room air by a fan.
