6.5" solid rubber tires

400 Watt engine power
(2 x 200 watts)

Up to 10 km* range

Up to 12 km/h* max.
speed

Max. load 100 kg

Balancing safely and well camouflaged through life

With this cool design you will certainly stand out and this despite camouflage design. It looks great and driving brings a lot of fun.

The built-in mechanism allows the driver to intuitively, almost hover and effortlessly control the balance board.

Safety is a top priority. There is an automatic shutdown as soon as the ground contact is lost and in case of falls.

The 6.5" tires are non-slip, durable and puncture-proof. With the right exercise, it is possible to drive on uneven surfaces. Just get up and you're off! They tilt in the direction of travel and the journey begins. The non-slip treads allow very safe movement.

The Balance Board CAPTAIN stood for the highest demands coupled with a safe handling for your children.

Powerful drive

The Balance Board is equipped with two electric motors that deliver 2 x 200 watts of power. You can reach a top speed of up to 12 km/h. With a battery charge, a range of up to 10 km is possible.

Puncture-proof tires

The full rubber tires offer safety. You can drive anywhere without any problems and even have a perfect driving experience on uneven or bumpy terrain. They don't get out of the air when a pointed object gets in the way.

Content

- Balance Board
- Manual
- Charger

Guarantee

- 2 years, excluding wearing parts
- Battery: 6 months

Österreichische
Marke

amazing performance and cool design

The motor power with 400 watts (2 x 200 watts) will bring you safely to your destination with a top speed of 12 km/h. With this design you are cool on the road. The 6.5" solid rubber tire is maintenance-free and a flat foot is excluded.

The alloy rim design not only looks classy, but also offers high stability and robustness.

Safety takes place

If it gets a little darker or you are on the road at dusk, you can make yourself visible thanks to the lighting.

Technical data

- 6.5 inches solid rubber tire
- Self-calibrating
- Engine power 400 watts (2 x 200 watts)
- Battery type: 4.0 Ah, 36 V
- Max. speed: 12km/h*
- Max. range: 10 km*
- Max. load capacity: 100kg
- Charging time: 3 hours
- Charger: Input AC 100-240V / Output DC 42.0V 1.5A
- LED control lights
- LED-Light
- Dimensions - (H x W x D): 595 x 190 x 180 mm
- Weight: 8.9 kg
- Color: Camouflage Design
- Internal article no.: BC-BD6520CF
- EAN: 9005151000276

* actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.

Subject to technical changes, errors and colour variations
