

Equipment Highlights

4 in 1 Multitalent

Luftkühler, Ventilator, Luftbefeuchter und Luftreiniger

3 Speed Levels

low, medium and high

Wassertank

The water tank has a capacity of 2 liters

3 Wind Modes

Natural, normal and sleep mode

Room temperature display

Digital Display

Timer Function

Timer function 1-12 hours

Pivot function

The pivoting function distributes the cooled air optimally into all areas of the room.

Sleep mode only 30 db

Whisper-quiet sleep mode

Your center for fresh, cooled air!

Simply cool off and enjoy a pleasant fresh breeze at the touch of a button on hot days. To additionally cool the air flow, simply place the cooling pack or ice cube in the water tank. In its 2-liter water tank, the air drawn in is cooled by evaporation and additionally humidified.

Choose the optimal setting for you from 3 speed levels.

The tower air cooler humidifies the air in your rooms. The integrated dust filter removes dirt and dust particles from the room air

With 6 touch buttons you can adjust all settings or control the device comfortably by remote control.

Operating Principle

of the air cooler is kept very simple. The attracted air is led through the water container with the cooling accumulators. Thus, the air is cooled down strongly, which is immediately noticeable. The cooled air is then released back into the room via a fan. The intensity as well as the direction can be changed. Alternatively, there is also the possibility to let the fan run alone, if you only want to have a light breeze.

Compact

Thanks to its space-saving design, low weight and a practical carrying handle, the air cooler is very easy to transport and can therefore be used in a flexible manner without taking up an unnecessary amount of space.

Scope of delivery

- 1x Remote control incl. battery
- 1 x Cold pack
- 1x Instruction manual

Warranty period

2 years

Airfilter

It is recommended to change the filters once a quarter for hygienic reasons.

The art. No. for your suitable replacement filter is F-BC2AC2001TUF

TIMER

The practical 1-12 hour timer function enables time-controlled use, which is also easy on your wallet.

Watertank

Technical data

- Unit type: Air cooler
- Max. power consumption: 60 Watt
- Voltage/Frequency (V~Hz): 220-240V,50-60Hz
- Air circulation (m³/h): 810 m³/h
- Noise level (sound power) min-max: 30-50 dB(A) **
- Water tank capacity: 2 liters
- Air filter: YES - removable
- Ventilation levels: 3 (natural, normal and sleep mode)
- Pivot function: Yes
- Timer function: 1-12 hours
- Display: Touch Panel with 6 operating elements
- Temperature display: YES - room temperature
- Length of the power cable in cm: 150cm
- Dimensions h/w/d: 104,0 x30,0 x 30,0 mm
- Weight: 4,5kg
- Color: White
- - EAN: 9005665024867
