BE COOL

9-litre air cooler with heating function

BC9ACHL2001F

Highlights

- **Heating function**
  1,000 watts of heating power for up to 10 m²
- **3 speed settings**
  low, medium, high
- **Internal swivel function**
  The swivel function distributes the cooled air evenly throughout the room.
- **Air purifier**
  The air drawn in is passed through the built-in filter.
- **Anion**
  Generates negatively charged ions (anions) to ionise the air in the room
- **9.3-litre water tank**
  Can operate for up to 13 hours.

Lieferumfang

- Air cooler with heating function
- Remote control
- Castors with locking mechanism
- User manual

Garantiezeit

- 2 years

4-in-1 air cooler
with cooling, heating, humidification and ionisation functions

The unit combines several functions for indoor air treatment: cooling, heating, ventilation, humidification and ionisation. The cooling function operates on the principle of water evaporation. The heating function allows the unit to be used even at lower room temperatures.

The heating function can be used in rooms up to a maximum size of 10 m². Humidification can be switched on or off depending on the selected operating mode.

Three speed settings allow the airflow to be adjusted to the desired operating level.
Depending on the setting, the cooling, ventilation, humidification and ioniser functions can be used.

Ioniser: The built-in ioniser generates negatively charged ions (anions). This function serves to ionise the air in the room.

Specifications:

- Air cooler and heater
- Air circulation 760 m³/h
- Effective area 10 m²
- Power consumption 1,100 watts (4.8 A)
- Water tank capacity: 9.3 litres
- Operating time with a full tank: 10–13 hours
- Water evaporation: 0.7 to 0.9 litres per hour
- 3 settings
- Touch control panel
- Air purifier with ioniser (anion)
- Special rotor blade
- Castors
- Easy-to-fill water tank
- Remote control
- Colour: White

Dimensions:

- Product (WxHxD): 28 x 75 x 25 cm
- Net weight: 6.0 kg

Österreichische Marke

The heating function of this product is only suitable for well-insulated rooms or for occasional use.
