

### HEPA13 filter for air purifier / room sterilizer BCRS2102F

This high-quality HEPA13-Filter makes it easy to change the filter with your air purifier.

The HEPA13 filter can filter 99.95% particulate matter, animal hair, pollen, mites, air pollution, PM 2.5 and ultrafine particles. Is very helpful for people with allergies and asthma, pet owners, smokers and children.

**after 12 months or after 3,000 operating hours should be changed  
(device indicates a filter change)**
