

Highlights

8.5" Slick solid rubber racing tyre

700 watt motor power

Up to 16 km/h* max. speed

Loadable up to 120 kg

Bluetooth loudspeaker

High quality hoverboard for adults and children.

- **POWER MEETS DESIGN:** The electric self-balancing board with wide 8.5 inch tyres, unique shape and powerful performance creates an impressive experience for experienced and new riders.
- **FIRST CLASS:** Two powerful 350W motors (700 watts) for a speed up to max. 16 km/h. Thanks to the short charging time of 2 - 3 hours and a long range of up to 15 km, there is extra time to have fun.
- **STABLE AND DURABLE:** Particularly robust frame made of 85 % aluminium, ABS parts as well as non-slip pedals and optimally rounded off by the strong metal rims - suitable for all kinds of terrain.
- **APP CONTROL:** With the app, you can easily adjust the colour of the LED lighting or switch between adult and child mode via Bluetooth. In addition, the built-in speaker offers a unique audio experience on the go.
- **DELIVERY:** 1 x BE COOL Racing Board in silver incl. charger for battery and operating instructions | 74.4 cm x 23.3 cm x 23.1 cm | weight 14.9 kg | load capacity of 120 kg | 2-year warranty

BE COOL Racing Board - one of the fastest balance boards

This is the epitome of style, slimness and speed and has been inspired by FORMULA 1 racing cars. The Racing Board with racing wheels, streamlined front design, racing sound, unique shape, strong performance, fast speed and a robust structure is the dream hoverboard you've always wanted. The Racing Board is the perfect gift choice for children and adults. Create more memories that belong to you and your family! Enjoy being outdoors with your family and friends.

Sturdy and durable

Powered by a 350-watt motor with two 8.5-inch solid rubber tyres and equipped with a strong metal rim, the board has a very robust build quality for its load-bearing capacity. The body of the Racing Board is made of 85% aluminium, some ABS parts and non-slip, comfortable pedals.

BT Speaker & App Control

Our Racing Board has a built-in professional speaker that gives you a realistic and special music experience. With the app, you can change the LED lighting, adult or child mode, speed and anti-theft function anytime, anywhere.

**) the actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.*

Technical changes, errors and colour variations excepted.

Powerful drive

The Balance Board is equipped with two electric motors that deliver 2 x 350 watts of power. You can reach a top speed of up to 16 km/h. A range of up to 15 km* is possible with one battery charge.

Robust tyres

The solid rubber tyres offer safety. You can drive over anything without any problems and without risking a puncture. You won't run out of air if a sharp object gets in the way.

Scope of delivery

- Hoverboard
- Charger
- Instruction manual

Warranty period

- 2 years, excluding wear parts
- Battery: 6 months

Everything at a glance:

- 8.5 inch solid rubber tyres - slick racing tyres
- Robust aluminium frame
- Special comfortable carrying handle
- LED lights: Colours adjustable via APP

Specifications:

- Maximum load - 120 kg
- Motor - 700 Watt (2 x 350W)
- Integrated lithium-ion battery - 4.0Ah / 36V
- Charging time - 2-3 hours
- Waterproof - IP54
- Speed - up to max. 16 km/h
- Range - up to 15 km
- Maximum gradient - 15 degrees

Dimensions:

- Product: 744×233×231 mm
- Packaging: 825×280×280 mm
- Net/gross weight: 14.9 kg / 18 kg
