

Equipment Highlights

500 watts of motor power

Up to 80 km* range

3 speed levels

10" air tires

Front drum brake & rear disc brake

Double suspension with front & rear shock absorber

Stepless, height-adjustable handlebars

Max. load 120 kg

LED-Display

Up to 25 km/h

Range up to 80 km

BE COOL eSC-P1 - Premium quality without compromise

The combination of comfort, performance, safety and innovation sets new standards in the premium e-scooter segment.

A perfectly coordinated selection of robust high-end components, which are installed under the highest quality criteria, make every trip an unforgettable experience.

The powerful and maintenance-free 500 watt hub motor impresses with its high torque and accelerates the BE COOL eSC-P1 to the maximum permissible speed of 25 km/h in seconds. It masters inclines of up to 20 degrees with flying colors. The 20 Ah/48 Volt battery and the new battery management system ensure this even for long exits (up to 80km!) sufficient power is always available.

Uncompromising on any surface.

The perfectly coordinated double shock absorbers, the wide running board and the tubeless 10 inches pneumatic tires enable maximum driving comfort on all surfaces. Potholes and uneven ground are perfectly compensated. The continuously height-adjustable handlebar can be optimally adapted to each user and rounds off the comfort package.

Safety is a top priority for BE COOL.

The frame of the BE COOL eSC-P1 is made entirely of high-quality aluminum. This makes him particularly robust and durable. Another highlight of the model is the safe, dual braking system. The combination of a highly efficient drum brake on the front wheel and a proven disc brake on the rear wheel meets the highest safety standards. Both braking systems can be operated independently of each other. As soon as it dawns, the innovative light sensor turns on the lighting. This feature conserves the battery and guarantees that you are always safe on the road even in low light conditions.

Experience the new dimension of movement and enjoy every ride with the BE COOL eSC-P1.

Unique braking system

The BE COOL eSC-P1 comes to a safe stand still in any situation. It is equipped with a drum brake on front wheel and a disc brake on the back wheel that can be operated independently of each other.

Ultimate chassis

The perfectly matched double shock absorber, the wide footboard and the tubeless 10 inches pneumatic tires enable maximum driving comfort on all surfaces. Potholes and floor unevenness are perfectly absorbed.

Experience the new dimension of locomotion and enjoy every ride with the BE COOL eSC-P1.

Multi function display

The infinitely height-adjustable handlebars, the easy-to-read multifunction display is integrated.

Speed, mileage, speed level as well as the battery level always remain in view.

Be overlooked? Misrepresentation!

The light sensor, which is integrated in the display, automatically switches on the front and rear lights at dusk or low light conditions. This innovative feature conserves the battery and increases safety.

Safe & comfortable moving over long distances

Take long and eventful tours or drive relaxed to your business appointments. Due to the wide footboard, the BE COOL eSC-P1 offers a pleasant and comfortable driving feeling. The double shock absorbers on both wheels not only absorb all bumps but bring a lot of comfort and let you glide over the asphalt.

With just a few simple steps, the BE COOL eSC-P1 is easy to fold and compactly stored.

Technical data

- Engine power 500 watts
- Max. range: 80km*
- Battery type: 20 Ah, 48 V
- Watt hours: 960 Wh
- Drum brake front and disc brake rear
- Double spring with shock absorber on front and rear wheel
- 3 speed levels
- Max. speed: 25 km/h
- 10" air tires
- LED-Headlights front and rear
- Automatic activation of light by twilight switch
- LED-Display
- Bell
- Max. load capacity: 120kg
- Charging time: 9 hours
- Charger: Input AC 90-240V / Output: AC 54,6V 2.0A
- Gross dimensions - (H x W x D): 1.210 x 280 x 540 mm
- Gross weight: 27,5 kg
- Colour: black
- Internal Art.Nr: ESCP1BKRD
- EAN: 9005151000740

* Test variables for the range: person: 70 Kg, weather: dry, 25 C° and windstill, continuous speed of 15 km/h, track condition: flat, smooth asphalt

The actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.
