

Highlights

- **LCD display**
and touch control panel
- **3 speed levels**
low, medium, high
- **Timer function**
1-12 hours
- **Large water tank**
3.1 litre capacity
- **Ioniser function**
Purifies the ambient air
- **Remote control**
Included in delivery

Cooling effect

Due to the powerful output of the stand fan and the cold spray mist.

Oscillation function

The oscillations help the cold air to reach different areas of the room.

The BE COOL spray mist stand fan is the perfect combination of cooling and humidifying.

It has an easy-to-use touch control panel. In summer, three speed levels and the oscillation function guarantee cooling in your 4 walls.

The timer function helps you set the time when the fan should switch off automatically. The timer function allows you to control up to two hours of uninterrupted cooling time.

Humidifier function through spray mist

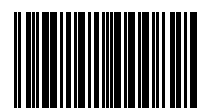

The fan supplies itself with cool water via the built-in water tank and thus sprays a pleasantly cool spray mist to additionally refresh you during the hottest time of the year.

Display and control panel

Water level indicator

Safe and easy

Thanks to five castors, the fan stands securely in place and can still be moved easily. The 1.6 m long mains cable makes it easy to position the fan. It is operated directly on the control panel on the unit or via the remote control.

Scope of delivery

- Pedestal fan
- Remote control incl. battery
- Operating instructions

Warranty period

- 2 years

Specifications:

- Input voltage: 220V~240V @ 50 Hz
- Max. power: 90 Watt (0.46 Watt standby)
- Noise level (sound power): 59.4 dB(A)
- three speed levels
- three wind modes: normal/sleep/nature
- Swivelling function (oscillation)
- Timer function: 1-2 hours
- Spray capacity 220 ml/h
- Water tank 3.1 litres
- Ioniser
- LCD display and touch control panel
- Five castors
- remote control

Dimensions:

- Diameter fan head: 40cm
- Product (W×H×D): 400×1360×400 mm
- Packaging (W×H×D): 660×455×330 mm
- Net/gross weight: 7.5 kg / 8.5 kg
