

Equipment highlights

600 watt motor power

Up to 60 km* range

4 speed levels

10" tubeless gel tyres

Disc brake
Front & rear

Loadable up to 150 kg

LED display

Up to 25 km/h

BE COOL eSC-Pro3 - a full professional among scooters

Power, innovation, handling, design - keywords that can be experienced here on every kilometre driven.

The composition of powerful components makes the BE COOL eSC-Pro3 a true powerhouse. Its highly efficient, brushless 600 watt motor accelerates you to the maximum permissible speed of 25 km/h in seconds. The driving dynamics, which are also supported by the full-suspension chassis, underline its sportiness.

The 17.5 Ah/48V battery ensures pure riding pleasure for up to 60 km.

The wide handlebars and independently operated front and rear disc brakes keep you safe, and keep the sheer power in check.

Front, rear and brake lights as well as an indicator system ensure visibility in road traffic.

For added comfort, a seat is included for you if needed.

The tubeless gel tyres provide outstanding riding comfort and have a protective mechanism. Damage caused by broken glass or nails is thus largely prevented.

Tubeless gel tyres

The tubeless gel tyres provide outstanding riding comfort and have a protective mechanism. Damage caused by broken glass or nails is thus largely prevented.

Brake system

Independent front and rear disc brakes .

Indicator

An innovative indicator system ensures more safety in traffic.

Seat:

If needed and for added comfort, the removable seat.

Scope of delivery

- E-Scooter
- Removable seat
- Charger
- Operating instructions
- Screws
- Tool

Warranty

- 2 years, excluding wear parts
- Battery: 6 months

Marke

Wide handlebars and generous LED display

High quality rear swing arm

comfortable seat

Underbody lighting

Technical data

- Motor power 600 watt
- Maximum range: 60 Km*
- Battery type: 17.5 Ah / 48 V Lithium-Ion
- Watt hours: 840 Wh
- Front and rear disc brake
- 4 speed levels
- Maximum speed: 25 km/h
- 10 inch tubeless gel tyres
- LED front light, LED rear light and brake light
- Indicator
- LED display
- Bell
- App
- Removable seat
- Underbody lighting
- Maximum load capacity: 150 kg
- Charging time: 9-10 hours
- Charger: Input AC 100-240V / Output DC 54.6V/2A
- Gross dimensions - (H x W x D): 1300 x 670 x 1185 mm
- Gross weight: 27 kg
- Int. art. No.: ESCPRO3BKSV
- EAN: 9 005151 001204

* Test variables for range: Person: 70 kg, weather: dry, 25 C° and no wind, continuous speed of 15 Km/h, track condition: flat, smooth asphalt.

The actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.

Subject to technical changes, errors and colour variations
