Scope of delivery:

- ❖ Operating instructions
- ❖ Mounting material

Warranty:

- ❖ 2 years

Österreichische
Marke

Optimal for the bathroom: The infrared mirror heater is perfect for your bathroom. The heat-resistant glass and heating element prevent the mirror from fogging up in damp rooms.

Warm up quickly: The SHX mirror heater immediately ensures pleasant temperatures. The infrared rays act directly on the body without releasing energy to the environment! We find this very pleasant and beneficial.

Due to the low air circulation, allergy sufferers benefit from low-dust air

On the clear touch display, you can operate the device directly.

Due to the timeless design, the mirror heater fits stylishly into any environment.

Maximum flexibility because you can use the "Smartlife" or "Tuya Smart" app to heat the heating system can also control on the go.

Turn the heating on and off with your smartphone. Control the temperature, and if desired, you can also set a switch-off timer.

In addition, the infrared heater **can also be voice-controlled** via **Amazon Alexa** or **Google Home**.

Specifications

- Powerconsumption max. 600 watts
- High-quality mirror made of safety glass
- User-friendly touchscreen Control
- 7 days Program
