

### Equipment highlights

6.5" solid rubber tyres

400 watt motor power  
(2 x 200 Watt)

Up to 15 km\* range

Up to 12 km/h\* max.  
speed

Loadable up to 100 kg

### Give free rein to creativity

It's not just the design that makes a statement.

You can also fully live out your creativity when riding the balance board and enjoy the fun.

The built-in mechanism allows the rider intuitive, almost floating and effortless control of the balance board.

**The 6.5" tyres** are non-slip, durable and puncture-proof.

With the right practice, driving on uneven ground is possible.

Just climb on and off you go! You tilt in the direction of travel and the ride begins. The **non-slip treads** allow for very safe movement.

The Balance Board stands for the highest demands paired with safe driving behaviour for your children.

### Puncture-proof tyres

The solid rubber tyres offer high safety. You can drive anywhere and even have a good ride on uneven or bumpy terrain. They will not run out of air even if there is a sharp object in the way.

### Great performance and cool design

The motor power with 400 watts (2 x 200 watts) brings you safely to your destination with a top speed of 12 km/h. The 6.5" solid rubber tyre is maintenance-free and there is no chance of a flat tyre.

The aluminium rim design not only looks classy, but also offers high stability and robustness. **In addition, the cool two-tone design** is definitely an eye-catcher.

### Safety first

If it gets a little darker or you are out and about in the twilight, you can make yourself easily visible thanks to the lighting.

### Technical data

- 6.5 inch solid rubber tyres
- Self-calibrating
- Motor power 400 Watt (2 x 200 Watt)
- Battery type: 4.0 Ah / 36 V
- Maximum speed: 12 km/h\*
- Maximum range: 15 km\*
- Maximum load capacity: 100 kg
- Charging time: 3 hours
- Charger: Input AC 100-240V / Output DC 42.0V 1.5A
- LED light on front
- Dimensions - (H x W x D): 600 x 190 x 185 mm
- Weight: 6.3 kg
- Colour: Rainbow
- Art. No.: BCBB6522RB
- EAN: 9005151001945

### Scope of delivery

- Balance Board
- Operating instructions
- Charger

### Warranty

- 2 years, excluding wear parts
- Battery: 6 months

\* Actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.
