The ideal board for kids

The cool entry-level board for kids! Gain your first experiences and the cool feeling of riding with the innovative balance board - fully let yourself go while riding the board and enjoy the fun.

The built-in mechanism allows intuitive, almost floating and effortless control of the balance board.

Whether in your free time or on the way to school. With the Starter, you glide elegantly along.

Thanks to the **two 150 watt motors**, a top speed of up to 12 km/h is possible.

The **6.5 inch solid rubber tyres** are maintenance-free and provide the necessary safety.

The frame is made of metal and thus ensures good stability.

Puncture-proof tyres

The solid rubber tyres offer safety. You can drive everywhere without any problems and even have a perfect driving experience on uneven or bumpy terrain. They will not run out of air even if there is a sharp object in the way.

Great performance and cool design

The motor power with 300 watts (2 x 150 watts) brings you safely to your destination with a top speed of 8 km/h. The 6.5" solid rubber tyre is maintenance-free and there is no chance of a flat tyre. To round off the cool design, the tyres have been equipped with LED lighting .
