

Highlights

8.5" solid rubber tyres

700 watt motor power (2x 350 Watt)

up to 15 km/h* max. speed

Loadable up to 100 kg

Powerful drive

The hoverboard is equipped with two electric motors, each delivering 350 watts of power. This allows the device to reach a top speed of up to 15 km/h. With this board, no climb is too difficult.

Robust tyres

The solid rubber tyres offer safety. You can ride over everything without any problems and without risking a puncture. Whether stick or stone - no problem!

The world is open to you

Make every **ride a real experience.**

The off-roader in cool design leaves nothing to be desired.

Whether in the big city on asphalt or in the countryside over hill and dale - there are no limits for this balance board. **Wide off-road tread tyres** as well as the **rubberised running board** provide the **perfect grip** and **balance at high speed.**

Stable and durable

Thanks to the **two 350 watt motors**, easy climbs are no obstacle.

Thanks to the **puncture-proof 8.5 inch solid rubber tyres**, you won't even stop at uneven surfaces and wetness and enjoy exciting tours of up to 10km!

Lighting

Thanks to its sophisticated LED design, the off-roader can be ridden both during the day and at night. This makes the Balance Board a robust and daily companion in the city and in the countryside.

Tyres

Suitable for any terrain!

Thanks to its 8.5 inch off-road tread tyres, the board can be ridden anywhere - whether on asphalt or forest tracks: this balance board can do it all!

Scope of delivery

- Hoverboard (Balance Board)
- Charger
- Instruction manual

Warranty period

- 2 years, excluding wear parts
- Battery: 6 months

Specifications:

- 8.5 inch solid rubber tyres
- Motor: 700 Watt (2 x 350W)
- Integrated lithium-ion battery: 4.0Ah / 36V
- Charging time: 4 hours
- Charger: Input AC 100-240V / Output DC 42.0V 1.0A
- Waterproof: IPX4
- Speed: up to max. 15 km/h
- Range: up to 15 km*
- Maximum gradient: 15 degrees
- Robust aluminium frame
- Maximum load: 100 kg
- LED lights

Dimensions:

- Product (W×H×D): 675×240×235 mm
- Packaging (W×H×D): 755×278×255 mm
- Net/gross weight: 11.5 kg / 13 kg

* Actual range depends on various factors such as load, temperature, wind speed, road conditions and driving style.

Technical changes, errors and colour variations excepted.
