PTC ceramic fan heater 1500 Watt

This light and compact PTC ceramic fan heater can provide cosy and allergy-friendly warmth in rooms up to approx. 15 m².

With its three power levels (ventilation function / 750 watt / 1500 watt) and the switchable oscillation, the PTC heating element heats quickly and spreads the heat well in the surroundings.

The anti-tilt protection switches the unit off if it is accidentally knocked over.
