

Highlights

- 10000 mAh battery**
 Enjoy refreshing and cool air anytime and anywhere with the built-in lithium battery for up to 8 hours.
- Adjustable size**
 Flexible in use, whether as a stand fan or table fan, the device is easy to transport and can be used immediately anywhere.
- Anion function**
 Enjoy clean ambient air at all times with the automatic negative ion cleaning function, which achieves an anion concentration of up to 80 mio./cm³ with negative ions.

The innovative tower fan with anion function and built-in rechargeable battery.

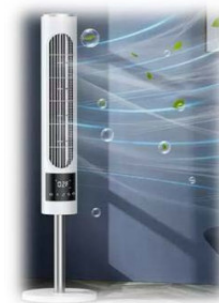

The built-in 10,000 mAh rechargeable battery provides enormous flexibility, so you can enjoy the refreshing and cool air for up to 8 hours on every camping trip or on a hot summer day at the lake.

In just two simple steps, the tower fan becomes a table fan, making the device even more flexible to use, easy to store and easy to transport.

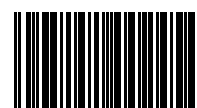

The BE COOL tower fan also has automatic negative ion cleaning. This automatically detects the air environment and adjusts the cleaning power - so you always enjoy clean ambient air.

Specifications:

- Power: 12W
- Input: 12V DC / 1A
- Battery type / capacity: Li-Ion / 10000mAh
- Operating time with battery: up to 8 hours
- Charging time: 10 hours
- Anion concentration: up to 80 mio./cm³ (thanks to negative ions)
- Four speed settings
- Night mode
- Touch control panel
- LED display
- Timer (8 hours)
- Two adjustable sizes: 930mm / 630mm
- Swivel function
- Colour: white

Dimensions:

- Product (W×H×D): 230×930×230 mm
- Packaging (W×H×D): 188×672×188 mm
- Net/gross weight: 2.1 kg / 3 kg
