

Highlights

Bluetooth 5.0

Use the emergency radio also as a Bluetooth speaker! Connect 2 outdoor radios with dual pairing to listen to your music in stereo.

Always ready for use

The emergency radio can not only be charged via the mains socket, but also via solar or hand crank.

All in one

The Be Cool emergency radio can also be used as a power bank and is also equipped with a lantern light or torch function

Warranty

2 years manufacturer's warranty!

The emergency radio for every situation

With the Be Cool emergency radio, you are equipped for any situation. Whether as a radio, Bluetooth speaker, lantern, torch or even as a power bank for your mobile devices, the IPX6 rated device is ready for use in any weather.

No power socket nearby? No problem! The Be Cool emergency radio can be charged in the sun via the built-in solar module or also via the hand crank, so the device is always ready for use.
