

Tower fan 121cm

Highlights

- **LED display**
Easy to read and bright display with minimal power consumption
- **3 speed levels**
low, medium, high
- **Timer functions**
12 hrs mode for and switch on and off according to desired time
- **3 wind modes**
Normal, nature and sleep mode
- **Oscillation function**
The oscillations help the cold air to reach different areas of the room
- **Ion cleaning function**
Purify the ambient air

Safe and simple

The tower fan is easy to operate manually at the top of the control panel. The 1.4 m power cable makes it easy to position the fan. The fan has a high-quality certified 45W motor.

The SHE tower fan is the perfect combination of design, performance and quality.

It has an easy-to-use control panel with LED display and infrared remote control.

3 speed settings - low, medium and high - and the oscillation function guarantee cooling in summer.

Furthermore, it also has 3 wind mode settings: Normal, Natural and Sleep mode.

The timer function allows you to control up to 12 hours of uninterrupted cooling time. It also allows you to set automatic shut-off.

This tower fan has negative ion cleaning that can detect the air environment at any time and automatically adjust the cleaning power so that you can enjoy clean ambient air.

Tower fan 121cm

Ionisation

The built-in ioniser produces negative oxygen ions, purifying and freshening the indoor air in addition to the cooling fan function. Negative ions attach themselves to dust particles, microorganisms and other unwanted particles in the air and bind them together. These particles become heavier than the air, fall to the ground and are filtered out of the air in this way.

Scope of delivery

- Tower fan
- Remote control incl. battery (CR2025)
- Operating instructions

Warranty period

- 2 years

Specifications:

- Input voltage: 220V~240V
- Frequency: 50 Hz
- Power: 45 Watt
- Standby: 0.045KWH \approx 1W
- Height: 121cm
- Speed levels: 3
- Max. Air speed: 7,1m/sec
- Noise level: 50 dB(A)
- 3 wind modes: normal, natural, sleep
- Air circulation: 960 m³/h
- Swivel function
- Ioniser
- 12 hours timer function
- Sleep mode
- Storage compartment for remote control
- Sturdy housing
- Large LED display
- Temperature and function display

Dimensions:

- Product: 315×1210×315 mm
- Packaging: 200×1225×185 mm
- Net/gross weight: 3.5 kg / 4.6 kg
