Series connection
- **MC4**
Solar connection

Simply practical - BLUEPALM solar panel:

The conveniently foldable solar panel from **BLUEPALM** is equipped with an MC4 charging cable, making it compatible with various power stations to give you limitless flexibility.

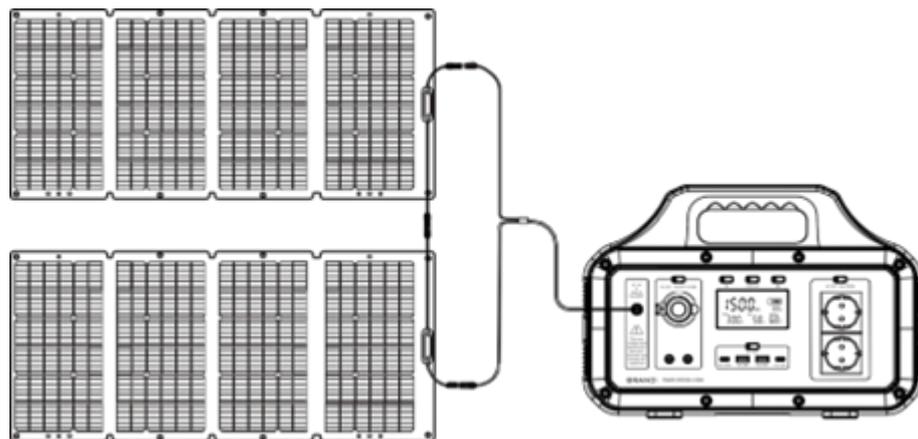

With a 120W output and 23% efficiency, the panel can quickly charge your outdoor devices and provide you with independent power.

With our **BLUEPALM** carrying case, the solar panel is easy to transport and allows you to pursue your outdoor activities without restrictions.

The solar panel is designed to be IP67 waterproof and dustproof for reliable operation in extreme weather conditions.

Series connection:

The **BLUEPALM** solar panels can also be connected in series to recharge your power station even faster.

Scope of delivery

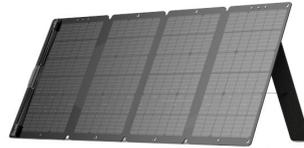

- Solar panel
- Connecting cable
- Operating instructions

Warranty period

- 2 years

Specifications:

- Peak power: 120W
- Connection: MC4 / DC7909
- Voltage: 19.8 V
- Current: 6.236 A
- Operating temperature: -20°C~60°C
- Cell efficiency: $\geq 23\%$
- Cable length: 200 cm

Dimensions:

- Product folded (W×H×D) 616×381×45 mm.
- Product unfolded (W×H×D): 1370×616×4 mm
- Net/gross weight: 6 kg / 7.7 kg
