Warranty period

2 years

Perfect air circulation with the SHE Wind Machine in any room, whether living room, kitchen or bedroom

The 18cm wind machine is ideal for small to medium rooms at home, In The office or in garages. On the warm summer days, use this fan for cool air at work or in your own home.

The special arrangement of the slats of the ventilation grille results in optimal and pleasant air circulation in the room.

In addition, you can choose between two speed levels for cooling down to ensure an effective and optimal air circulation in the room in summer or winter. A built-in carrying handle allows you to easily take the fan with you wherever you need it.
