

## Highlights

- **Cooling capacity**  
5000 BTU/h
- **Versatile operating modes**  
Choose between ventilation, cooling or dehumidification
- **2 speed levels**  
Regulate the air flow according to your needs
- **Efficient for rooms up to 12 m<sup>2</sup>**  
Perfect for small living spaces, caravans or in the bedroom of a holiday flat
- **24-hour timer**  
Plan the operating times entirely according to your wishes
- **WIFI control**  
Operate the device conveniently via app

The caravan split air conditioner with an output of 5000 BTU offers the ideal solution for ensuring pleasant temperatures even when travelling or in small rooms. Whether in a motorhome, caravan or in the bedroom of your holiday home - this compact air conditioner impresses with its versatility and efficiency.

With three selectable operating modes - ventilation, cooling and dehumidification - the device adapts flexibly to different needs and weather conditions. On hot summer days, it reliably cools the air in the room, while the dehumidification function removes excess moisture from the air to create a pleasant indoor climate. Two speed settings allow you to customise the intensity of the air flow, while the 24-hour timer makes time-controlled use child's play.

The integrated sleep mode has been specially developed for a good night's sleep. With quiet operation and gentle temperature adjustment, it ensures that you wake up feeling refreshed. Another highlight is the WIFI control: you can operate the device conveniently via a practical app, whether you're on the sofa or travelling, to ensure a pleasantly cooled room climate when you return home.

Thanks to its compact design, this air conditioner is ideal for rooms up to 12 m<sup>2</sup>. It blends seamlessly into any room and is the perfect combination of performance, comfort and contemporary technology - for pleasant temperatures wherever you are.

- Support blocks
- Screws & hand screws

## Warranty period

- 2 years

## Specifications:

- 3in1 air conditioning, ventilation, dehumidification
- Cooling capacity (BTU): 5,000 BTU/h
- Cooling capacity: 1465 watts
- Area of application (non-binding): for rooms up to max. 36m<sup>3</sup> or max. 12m<sup>2</sup>
- 2 speed levels
- EER: 2.6
- EU energy efficiency class: A
- Air circulation: 330 m<sup>3</sup>/h
- Dehumidification rate: 0.5 l/h
- Noise level: max. 63 dB(A)
- Coolant: R290
- LCD display with control panel
- Adjustable temperature: 16 and 30 °C
- 24 hour timer
- sleep mode
- WIFI control via APP
- Power consumption: 560 watts
- Power supply: 220-240 V/50 Hz
- Colour: white

## Dimensions:

- Product indoor unit (W×H×D): 454×298×170 mm
- Product outdoor unit (W×H×D): 454×330×205 mm
- Packaging (W×H×D): 511×512×460 mm
- Net/gross weight: 22.5 kg / 27 kg
