

Highlights

- **Max. pressure**
150 PSI or 10.3 BAR
- **Powerful battery**
3×1500mA (16.65Wh)
- **4 switchable units**
PSI, KPA, BAR, KG/CM²
- **5 selectable modes**
Car, motorbike, bicycle, sports ball and manual
- **Automatic switch-off**
as soon as the preset target value is reached
- **Memory function**
Save the desired pressure value for future use
- **Powerbank function**
with which you can charge your mobile devices on the go

Lieferumfang

- Battery air pump
- USB-C cable (90 cm)
- Multifunctional air nozzle
- Operating instructions
- Storage bag
- Cigarette lighter cable (3m)

Garantiezeit

- 2 years

This digital rechargeable air pump is your reliable companion on the go - whether on your bike, in your car or on your e-scooter. With a maximum pressure of 150 PSI and a built-in 3×1500mAh battery, it offers you the power you need - whether for tyres, balls or bicycle tyres.

Thanks to the integrated LED light function with three adjustable modes (normal, SOS, flashing light), you can use the pump safely and flexibly even in the dark. The 4 switchable units (PSI, KPA, BAR, KG/CM²) and the 5 selectable modes (car, motorbike, bicycle, sports ball, manual) enable quick and precise operation for various applications.

Thanks to the automatic switch-off function, the air pump reaches the set target value and stops automatically to prevent over-inflation. The manual operating mode has a practical memory function to save the desired pressure value for future use. In addition, the air pump also serves as a power bank, allowing you to charge your mobile devices on the go. Compact, powerful and versatile - the rechargeable digital battery air pump is an indispensable companion for outdoor activities and emergency situations.

Specifications:

- Power: DC 11.1V, 70W
- Maximum pressure: 150 PSI or 10.3 BAR
- Built-in 3×1500 mAh battery (16.65Wh)
- Integrated LED light function with 3 adjustable modes (normal / SOS / flashing light)
- 4 switchable units (PSI, KPA, BAR, KG/CM²)
- 5 selectable modes (car, motorbike, bicycle, sports ball, manual) for quick selection
- Noise level: < 85 dB at 1.5 m distance
- Manual operating mode with memory function
- Automatic stop when the target value is reached
- Can be used as a power bank
- Colour: black

Dimensions:

- Product (W×H×D): 73×185×46 mm
- Packaging (W×H×D): 220×107×80 mm
- Net/gross weight: 0.53 kg / 0.8 kg
