

Highlights

- 4 in 1: Cooling, dehumidifying, heating, ventilating
- Inverter technology: no classic ON/OFF principle
- Very pleasant and constant room temperature
- Automatic evaporation system
- LCD display
- Timer function
- Remote control
- WIFI

Lieferumfang

- Air conditioner
- Remote control
- Exhaust air hose: 150cm long, 15cm diameter
- Window moulding with hose adapter
- Taper adapter
- Operating instructions

Garantiezeit

- 2 years

This 4in1 inverter air conditioner can cool, heat, dehumidify and ventilate and works according to an advanced inverter principle.

Unlike conventional ON/OFF devices, it automatically adjusts the speed of the compressor to the difference between the set and actual room temperature. The greater the difference, the faster the compressor runs; the smaller the difference, the slower.

This intelligent control ensures that the inverter air conditioner reaches the desired temperature much faster, while at the same time reducing power consumption by up to 20-30 % and operating more quietly.

The air conditioning system also impresses with its simple operation and versatile application options in various room sizes up to 105m³.

With its high energy efficiency, fast temperature equalisation and quiet operation, the inverter air conditioner is a worthwhile investment for long-term comfort.

Overview of functions:

24-hour timer, remote control, sleep (silent) mode, 3 fan speeds, automatic evaporation system (better efficiency and 100% evaporation at below 90% humidity), handles and castors

Specifications:

- Cooling/heating capacity (BTU): 12,000 BTU / 10,000 BTU
- Cooling capacity: 3500 watts
- Heating capacity: 3000 watts
- Application area (non-binding): for rooms up to max. 105m³ or max. 42m²
- EER: 3.1
- COP: 3.1
- EU energy efficiency class: A+ (cooling) / A++ (heating)
- Air circulation: 420m³/h
- Dehumidification capacity: 1.2 L/h
- Noise level (sound power): 64 dB(A)
- Sleep (silent) mode
- Power consumption (cooling/heating): 1130 watts / 965 watts
- Power supply: 220-240 V/50 Hz
- Colour: grey

Dimensions:

- Product (W×H×D): 450×704×363 mm
- Packaging (W×H×D): 480×870×406 mm
- Net/gross weight: 26 kg / 30 kg
