

## Highlights

- **Cooling**  
Effective air cooling without rotor blades
- **Power output**  
60 watts
- **Oscillation**  
60° swivelling function for even air distribution
- **Simple operation**  
Touch control panel or with the remote control
- **Timer**  
Up to 12 hours
- **Housing**  
Sturdy housing made of ABS, durable

## Lieferumfang

- Tower fan
- Operating instructions
- Remote control

## Garantiezeit

- 2 years

The rotorless tower fan ensures pleasantly cooled air in the room - without any rotating blades. With an output of 60 W, it distributes the air particularly evenly thanks to the turbine-shaped air flow. Three speed levels and three air modes - normal, natural or sleep - adapt to your personal comfort, while the automatic 60° oscillation allows the air to circulate optimally in the room.

It is conveniently controlled via touch control panel or remote control, and the quiet operation guarantees undisturbed peace and quiet, even at night. The timer can be programmed for up to 12 hours, while the robust ABS housing and stable chassis ensure safety, durability and child-friendliness. In addition, the fan is easy to clean so that fresh, pleasantly cool air is always available in the room.

## Specifications:

- Power: 60 W
- Voltage: 220-240V~ 50Hz
- rotorless design
- 3 speed settings: Low / Medium / High
- 3 wind modes: Normal / Natural / Sleep
- Timer: up to 12 hours
- Horizontal oscillation: 60° (automatic)
- Touch control panel with LED display
- Noise level: max. 58 dB(A)
- Housing material: ABS
- Stable and durable chassis

## Dimensions:

- Product (W×H×D): 230×860×230 mm
- Packaging (W×H×D): 270×905×270 mm
- Net/gross weight: 2.8 kg / 4.1 kg
