BE COOL

NX7-ULTRA e-scooter

High Line

NX7ULTRA

Highlights

- **Weatherproof**
  electrical components are designed to withstand humidity and moisture
- **Motor power**
  500 watts
- **Range**
  Up to 30 km*
- **Speedlevels**
  4 levels selectable
- **Tyres**
  10" pneumatic gel tyres
- **Brake system**
  Front disc brake, rear drum brake, electric brake
- **Loadable**
  up to 120 kg
- **Display**
  LCD
- **speed**
  up to 25 km/h

Weatherproof

Rain or shine, your path remains untouched. Our e-scooter redefines weatherproofing, with carefully optimised electrical components - from the intuitive display and precise controller to the robust battery and powerful motor. These electrical components are specially designed to withstand moisture and wet conditions, so you can travel safely and worry-free in any weather.

BE COOL NX7-ULTRA - powerful, comfortable, ready for any ride

Experience maximum freedom on two wheels with the BE COOL NX7-ULTRA.

With an output of 500 watts and a range of up to 30 km*, this e-scooter is the ideal companion for everyday urban life and spontaneous adventures.

The 48 V lithium-ion battery (10 Ah / 480 Wh) ensures reliable energy and a continuous journey, supported by an energy recovery system. For maximum safety, you can brake reliably with the disc brake on the rear wheel and the drum brake on the front wheel, supplemented by an electronic brake.

Customise your ride as you wish: With 4 speed levels, you can reach up to 25 km/h, while the 10-inch pneumatic gel tyres ensure secure grip and comfort on a wide variety of surfaces. LED front and rear lights and indicators increase your visibility in traffic.

The comfortable riding fun is complemented by the LCD display, which keeps you informed about speed and battery status at all times. The light, speed and other functions can be easily adjusted using the button control, while the app function offers additional convenience.

Thanks to a load capacity of up to 120 kg and a climbing capacity of 10%, the BE COOL NX7-ULTRA can master even challenging routes with ease. The fast charging time of 6-7 hours ensures that you can be back on tour in no time at all.

Focus on comfort & safety

The suspension on the rear wheel and the 10-inch pneumatic tyres guarantee a smooth ride even on uneven roads. In terms of safety, the scooter offers a perfect combination of disc, drum and electronic brakes.

Experience the future of mobility: comfortable, environmentally friendly and stylish - rediscover the city with the BE COOL NX7-ULTRA.

Pneumatic gel tyres

An innovative development in the field of e-scooter tyres. This type of tyre combines the advantages of traditional pneumatic tyres and solid rubber tyres to ensure an optimum riding experience.

3-fold braking system

The BE COOL NX7-ULTRA has a disc brake on the rear wheel, drum brake on the front wheel and an electronic brake. This triple braking system increases safety many times over.

Lieferumfang

- E-scooter
- Charger
- NFC chip
- Screws and bolts
- Tool kit
- Instruction manual

Garantiezeit

- 2 years, excluding wearing parts
- Battery: 6 months

Specifications:

- Motor power: 500 watts, brushless motor
- Maximum range: 30 km*
- Battery type: 10 Ah, 48 V
- Watt hours: 480 Wh
- Rear disc brake, front drum brake
- 4 speed levels
- 10-inch gel-air tyres
- Maximum speed: 25 km/h
- LED front light, LED rear light, brake light, indicators
- Front and rear suspension
- Energy recovery
- Gradient: 10%
- LCD display
- Bell
- App (via Bluetooth)
- Lock/unlock via NFC chip
- Maximum load capacity: 120 kg
- Weatherproof
- Protection class: IPX5 (electrical components: IPX7)
- Charging time: 6-7 hours
- Charger: Input AC 100-240 V ~ 50-60 Hz / Output DC 54.6 V / 2 A

Dimensions:

- Product (L×W×H): 1170 × 521 × 1230 mm
- Product folded (L×W×H): 1170 × 521 × 572 mm
- Packaging (L×W×H): 1185 × 190 × 600 mm
- Net/gross weight: 22.5 kg / 27.9 kg

Test variables for the range:

Person: 70 kg, Weather: dry, 25 °C and no wind, continuous speed of 15 km/h, Track conditions: flat, smooth tarmac
