

Equipment Highlights

2-in-1 Function

Insect killer and Led lamp in one device

Solar Panel and Battery

The 1800mAh strong battery can be charged by solar energy or via USB.

Effective & Ecofriendly

The insect killer is based on a physical method, and does not use any sprays, pesticides, chemical substances or odors. In addition, no disposable batteries are involved to protect the environment.

360° all-round UV light

With the persistent LED tubes inside, the Mosquito Lamp emits a 360° all-round UV light that attracts and effectively kills the biting insects around you.

Get ready for your next camping, fishing or leisure trip!

The insect killer for inside and outside not only protects you from annoying insects and mosquitoes, but also has a separate lighting function. The device can be placed or hung like a lantern. So you always have a lamp at hand, whether indoor or outdoor.

The rechargeable lithium-polymer battery with solar panel can be easily charged directly from the sun as well as with the supplied micro-USB cable.

Thanks to its carrying handle, it is not only easy to transport and hang up, but also guarantees you a mosquito-free night's sleep. It also has a separate camping or travel lamp.

Our 2-in-1 insect killer is also rainproof (IP44).

The device is ideal for indoor and outdoor use, whether in the house or tent, or in the garden, on the terrace, balcony, or for fishing and camping trips.

Solar Panel und Battery

The UV insect lamp with built-in rechargeable 1800 mAh battery and solar panel provides long lasting illumination. After about 3 hours of charging time, the electric mosquito lamp is fully charged and you can select the desired light mode and enjoy up to 13 hours of non-stop light.

Fields of application

The camping lantern is the perfect companion for every outdoor trip. It is robust and waterproof (IP44), resistant to rain and can even be cleaned with water. With the carrying handle the mosquito lamp can be transported comfortably. Ideal for indoor and outdoor use, reading camping, beach, forest excursions, picnics, hiking, fishing, hunting, biking and much more.

Scope of delivery

- 2-in-1 Insect killer
- USB-charging cable
- Cleaning Brush
- Instruction manual

Warranty period

2 years

Solar panel and integrated battery

Three operating modes selectable

Technical data

- Power: 5W 1000 mah
- Lumen: 60LM
- Input voltage: USB 5V
- Solar panel: 4V/100MAH
- Integrated battery: 1.800mAh
- Voltage: 220-240 Volt / 50Hz
- UV light: 395NM
- Lamp life: 30,000 hours
- Area of application: 40m²
- Working time as LED lamp: 13 hours
- Working time as mosquito lamp: 6 hours
- Use both functions simultaneously: 4.5 hours
- Dimensions: 9.6 x 9.6 x 20.3 cm
- Weight: 468 g
- EAN Code: 9 005665 025217

Technische Änderungen, Fehler und Farbschwankungen vorbehalten
