

## Equipment highlights

- Load capacity: Max. 80 kg
- Made of aluminium
- Foldable
- Height adjustable
- 125 mm diameter tyres
- 3.2 kg weight

The practical handcart made of aluminium is the ideal helper for moving and transporting bulky objects. With a maximum load of 80 kg, the trolley is not only compact, but also offers a high load capacity. Two wheels with a diameter of 125 mm ensure the best mobility. In addition, the handcart can be easily folded up and can thus be stowed away in a space-saving manner. The weiteren convinces with the low dead weight of only 3.2 medical history.

## Scope of delivery

- Hand truck
- Operating instructions

## Guarantee

- 2 years

## Specifications

- Load capacity: 80kg
- Tyres: 125 mm diameter
- Width: 410mm
